

Aquablu

**MORE
THAN
WATER**

An underwater photograph showing a large amount of plastic waste floating in the water. There are white plastic bags, a clear plastic bottle, and a black plastic bag with the word 'BEACH' printed on it. Several small black and white striped fish are swimming around the debris. The water is a clear, deep blue. The text 'IT'S TIME FOR A CHANGE' is overlaid in the center in a bold, white, sans-serif font.

**IT'S TIME
FOR A
CHANGE**

OUR MISSION

In the last decade, the human race has achieved more than ever imaginable. Yet, our drinks are still trapped in plastic or aluminum containers.

If we don't curb our plastic output, in 2050 our oceans will contain more plastic than fish.

50 years after the introduction of the plastic water bottle, it's time to rethink the way we drink water.

START NOW

REDUCE REUSE REFILL.

WELCOME TO LIFE BEYOND THE BOTTLE

The Aquablu REFILL is a water dispenser that provides healthy drinks to businesses without the unnecessary packaging. Purified tap water, enriched with flavors, vitamins, and electrolytes. Just like bottled beverages - but better.

HOW IT WORKS

NATURAL OR FLAVORED,
STILL OR SPARKLING
- IT'S UP TO YOU

Three steps to personalized water:

- 1 CHOOSE YOUR FLAVOR
- 2 CHOOSE YOUR WATER TYPE
- 3 DISPENSE YOUR DRINK

MAKE IT
FUNCTIONAL

FLAVOR
IT UP

FUNCTIONAL WATER

Water can be boring,
yet soft drinks are unhealthy.

By combining the best of both worlds,
we've created a healthy yet delicious
drink you can't get enough of.

- Zero sugar
- Added vitamins
- Enhanced with electrolytes

With additional customizations in
water temperature and flavor intensity,
you can create 39 different drinks
from just one outlet.

FLAVORS WITH A FUNCTION

Our flavors aren't just deliciously refreshing: they're also functional. Each flavor comes with a list of additional vitamins, minerals, and benefits to your everyday life.

Offer your team a choice based on their needs and preferences, and encourage them to keep coming back for better hydration all day long.

IMMUNITY

Fresh Lemon

Vitamin D, C, B12, and Zinc

Boost your immunity and feel great after an action-packed weekend.

FOCUS

Red Fruit

Vitamin D and caffeine

A fruity alternative to your morning coffee. Improves focus and concentration.

FUNCTIONAL FLAVORS

UNWIND

Mango Guava

Vitamin C, B5, B6, and B12

Made to enhance those moments of relaxation.

BALANCE

Raspberry Pomegranate

Vitamin E, B5, B6, and B12

Refresh and restore your inner balance.

BUILT IN

MADE TO MATCH

The REFILL+ is designed to fit into every office, reception, or pantry area.

With its clean lines, curved edges, and minimal aesthetic, you can elevate any space while adding a functional hydration point.

OR BESPOKE

NO SPACE IN THE PANTRY?

CHECK OUT OUR
BESPOKE FURNITURE.

Our bespoke furniture range
transforms the REFILL into a
stand-alone hydration point.

TECHNOLOGY

MORE THAN JUST A WATER FILTER

NANO FILTRATION

Our Nano-Silver Filter removes 99.9% of contaminants from the water.

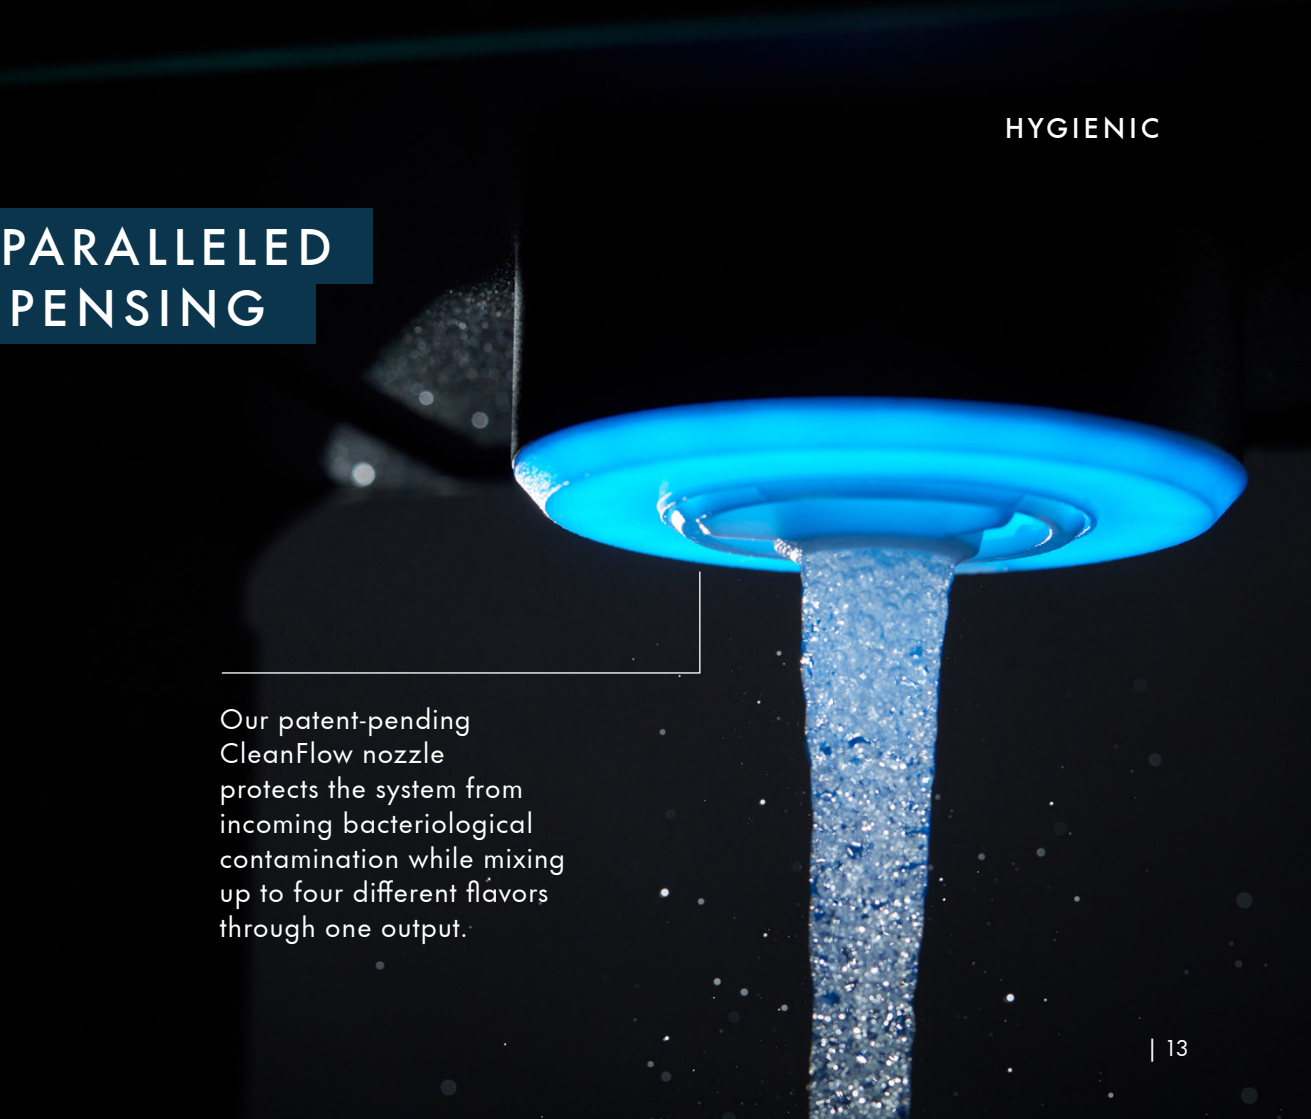

PROTECT & ENHANCE

Protection against dirt, dust, and chlorine whilst balancing the presence of natural minerals.

HYGIENIC

UNPARALLELED DISPENSING

Our patent-pending CleanFlow nozzle protects the system from incoming bacteriological contamination while mixing up to four different flavors through one output.

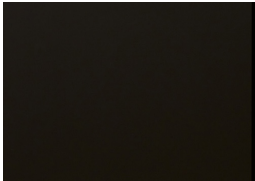

BESPOKE FURNITURE

COMPLETE YOUR SETUP

Glassware

- branded glasses 40cl
- branded premium carafe 1l

Smart Jerrycan

- stores drainage water
- automatically alerts the user when full

Bottles

- on the go bottle 0,5l
- branded bottle design A 1l
- branded bottle design B 1l (co-branding possible)

Payment terminal

- available for Aquablu REFILL and REFILL+
- can be connected to ethernet or 4G

BUILT-IN REQUIREMENTS

SPECIFICATIONS

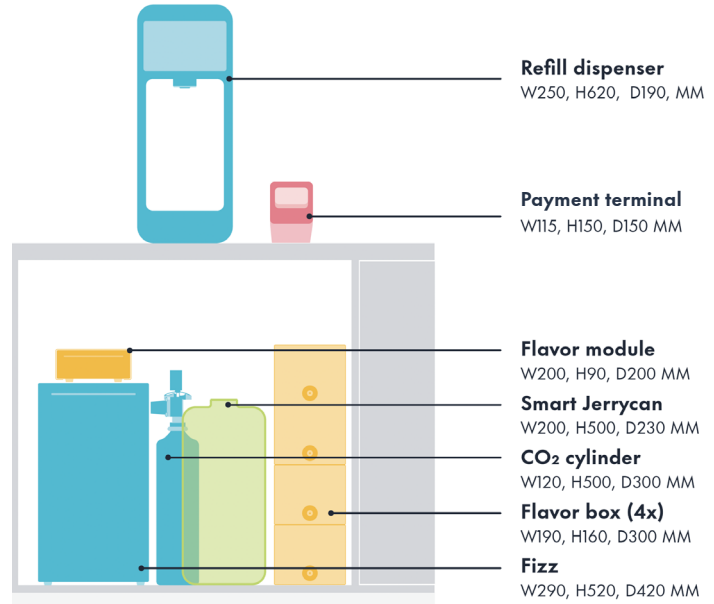

Space needed is equal to a standard kitchen unit:

REFILL W50 D55 H55 cm
REFILL+ W70 D55 H65 cm

Adding a Jerrycan requires 20 cm in width. Necessary space needed can be divided over several units. Please ensure that the FIZZ always has 10 cm of space around it for ventilation.

CONNECTIONS

Description	Specification
Water input	Tap (G 3/4" M thread)
Water output (opt.)	Tap (G 3/4" M thread) or 40 mm drain
Electrical input	Electrical socket (grounded outlet)
Power consumption	800 W

REFILL YOUR REFILL

Filters

The Protect & Enhance filter needs to be changed after 6 months.
The Purify filter after 12 months.

CO₂ cylinders

The CO₂ cylinder is available in 2KG and is able to produce +- 250 liters of sparkling water.

Functional Flavor BIBs

The BIBs are currently available in four different flavors. A 5L Bib can create 275 drinks of 200ml.

A man in a dark blue suit is standing at a smart water dispenser, touching the screen to select a water option. A woman with curly hair, wearing a black top, stands to the left, looking towards the dispenser. The dispenser is a tall, black, rectangular unit with a large touchscreen at the top. The screen displays three options: 'NATURAL', 'GLASS', and 'CARAFE'. The man is pointing at the 'GLASS' option. Water is being dispensed into a glass. The background shows a modern interior with large windows and wooden accents.

A WORRY-FREE SERVICE

Our preventative and corrective maintenance is set up so you don't have to worry about a thing. All you have to do is choose the service contract and warranty that best suits your needs. Our offering includes:

REMOTE MONITORING

Our team is actively monitoring your system from a distance to ensure 100% uptime. Which means you don't have to.

REGULAR CLEANING

We'll take care of your system by cleaning it and replacing the filter every 6 months. This prevents bacteria growth and increases the lifespan.

CLIENT SUCCESS

Our client success team is on hand to respond within 24 hours in the unlikely event that there's an issue.

ONE REFILL
MAKES A DIFFERENCE

START MAKING WAVES

VITALITY

86%

of office workers don't stay sufficiently hydrated.

Research shows that productivity can increase by up to 14% when we're well hydrated.

WAR FOR TALENT

27%

of the total workforce will be Gen-Z by 2025.

This generation cares about their health and planet, and thinks it's important that their employer should care, too.

UNIQUE BUYING REASON

SUSTAINABILITY

It's our mission to save **1 billion** plastic bottles by 2030.

A monthly **Impact Report** shines a light on your contribution and helps you celebrate your own impact.

FUTURE PROOF

A well designed workspace makes for more efficient work.

By adding a smart water dispenser, we can get people back to the office and ensure they get the most from their surroundings.

THE NEW WAVE IN WATER
